

The data presented here is an organized variant of the "Unfiltered Grants Data" document presented to LGIC at their April 2, 2026 meeting. Both are available on the Local Government Interim Committee webpage here: <https://www.legmt.gov/committees/interim/lgic/studies-topics/#HJ-28>. All individual grants are combined under their parent program, or CFDA numbers and titles, by year from 2010-2025. In addition similar programs are grouped together under an "area of effect" and are colored accordingly. Below is a "key" for identifying what area of effect a program is listed under. An analysis of spending per area of effect is also available on the committee webpage titled "Multistate Competitive Grant Analysis 2010-2025". Sources for the data contained are also available below. For access to a .xlsx version of this data please contact Maxwell Parson at Maxwell.Parson@legmt.gov or (406)-444-1285.

Color Code Key:

Government Affairs

Tribal Exclusive Funding

Infrastructure and associated projects

Social Services

Healthcare

Higher Ed & Research

Economic Assistance

Environmental resources

Humanities

Education

Agriculture

All States
