LEGISLATIVE COUNSEL'S DIGEST

AB 2252, Limón. State grants: state grant administrator.

The Grant Information Act of 1999 authorizes state agencies to make available on the Internet a listing, of all grants administered by that agency, that includes specified information and provides instructions on filing grant applications electronically, or on the manner in which to download, complete, and mail grant applications to the state agency, or both. The act also authorizes each state agency to make available on the Internet any printed grant application form used by the agency to award grants that are administered by that agency.

This bill would, instead, enact the Grant Information Act of 2018. The bill would require the California State Library, on or before July 1, 2020, to create a funding opportunities Internet Web portal that provides a centralized location for grant seekers to find state grant opportunities. The bill would additionally require each state agency, on or before July 1, 2020, to register every grant the state agency administers with the California State Library prior to commencing a solicitation or award process for distribution of the grant, as specified. The bill would require each state agency, on or before July 1, 2020, to provide for the acceptance of electronic applications for any grant administered by the state agency, as appropriate. The bill would additionally require the California State Library to create an annual report to the Legislature relating to the effectiveness of the Internet Web portal, as specified.
