

JUSTICE DATA WAREHOUSE: How do we intend to use this information?

1

Support policy-making

As a Policy Maker, I need to know the efficacy and cost of Programs so that I can make informed policy and resource decisions.

Adjustments to policy and end practice

As a Policy Maker, I need to be aware of Recidivism trends so that I can make informed policy and resource decisions.

2

Determine intervention efficacy

As a Corrections Program owner, I need to know the efficacy of Programs on justice users so that I can make informed decisions about things that will impact the programs.

Programs while incarcerated

As a Mental Health Program owner, I need to know the efficacy of Programs on justice users so that I can make informed decisions about things that will impact the programs.

Pre-incarceration programs

Programs while incarcerated

Post-incarceration programs

As a Prosecutor, I need to know the efficacy of Programs so that I can have information to support sentencing recommendations.

Pre-incarceration programs

Programs while incarcerated

Post-incarceration programs

Programs related to mental health services

3

Guide Staffing & Resource Decisions

As a State or Local Agency, I need to be able to use Justice data to guide staffing and resource decisions.

4

Enable one source of truth

As a Workgroup Member, I need to know where Montana's justice information is stored so that I can identify ways to make the justice systems of record more efficient.

As a Local Detention Center, I need to know information from Montana counties and courts so that I have the information I need without having to communicate with counties and courts separately.

Trial Delays

5

Create Justice User Personas

Contact Points:

Law Enforcement

Courts

Pre-incarceration Interventions

Incarceration

Post-incarceration Interventions

Attributes of the typical/avg justice user
Attributes of the modal justice user
Differences between a first time versus repeat offender

How many contact points did a justice user have before an arrest?

How many times has a justice user participated in a pre-incarceration intervention before an arrest?

What is an average length of time from arrest to disposition?

Data Slicers:

Demographics

Locations

Charges

Release Conditions

How many contact points did a justice user have in XYZ county before an arrest?

Parking Lot (for future discussion):

Justice Lifecycle
